LIST OF UPDATES

04/26/2010: Rubber surfacing replacement added to Mission Bay Park Tecolote Shores tot lot.
05/10/2010: Addresses added to MAD parks.

INTRODUCTION

The Unfunded Park Improvements List is a compendium of improvements for properties maintained and operated by the City of San Diego's Park and Recreation Department. Parks included in this document include population based parks (neighborhood and community parks), developed regional parks such as Balboa Park and Mission Bay Park, Open space parks such as Mission Trails and Tecolote Canyon and parks maintained by maintenance assessment districts.

The listings in this document were gathered from Park and Recreation advisory bodies (recreation councils, area committees, citizen advisory committees) and Park and Recreation Department staff to identify desired or needed improvements in the City's park system. Some listings are carried over from previous lists while many are new additions for 2010.

This document is intended to be a general guideline to identify potential projects as funding becomes available through various sources. It is not intended to be a comprehensive listing of park needs.

2010 Unfunded Park Improvements - Council District 1

ADA=Americans with Disabilities Act			CAC=Citizens Advisory Committee			CD=Council District			P&R=Staff
